Meeting ID: 857 2961 9269
Passcode: 248522

October 25	
9.30-10.00	Registration of participants
10.00-10.05	Opening of the event: Vyacheslav Solomon , Acting as Head of the Department of Veterinary Hygiene n.a. Prof. A.K. Skorokhodko, Candidate of Veterinary Sciences, Associate Professor
10.05-10.15	Opening remarks: Mykola Tsvilikhovskiy , Dean of the Faculty of Veterinary Medicine of the National University of Life and Environmental Sciences of Ukraine
10.15-10.20	Volodymyr Otchenashko , Head of the Scientific and Research Department, Doctor of Agricultural Sciences, Professor
Session 1: "Animal hygiene on farms is more important than ever before" "From 'Medicine Heals Man and Veterinary Medicine Treats Humanity' to the One Health Concept" 10.20 -16.10	
Chairman: Vyacheslav Solomon , Acting as a Head of the Department of Veterinary Hygiene. Prof. A.K. Skorokhodko, Associate Professor	
10.20-10.40	Nikolay Zakharenko , Doctor of Veterinary Medicine, Professor of the Department of Veterinary Hygiene. A. K. Skorokhodka <i>National University of Life and Environmental Sciences of Ukraine</i> "Professor A.K. Skorokhodko - the founder of hygienic science and practice (to the 140th anniversary of his birth)"
10.40-11.15	Olga Yakubchak , Doctor of Veterinary Medicine, Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the <i>National University of Life and Environmental Sciences of Ukraine</i> , "From the Department of Meat Science, Refrigeration and Utilization of Animal Products - to the Department of Veterinary Hygiene named after Professor A.K. Skorokhodko"

11.15-11.35	Larysa Shevchenko , Doctor of Veterinary Sciences, Professor of the Department of Veterinary Hygiene. A. K. Skorokhodka <i>NUBiP of Ukraine</i> "Assessment of the safety of animal wastes by the content of therapeutic and prophylactic agents residuals"
Coffee break 11.35 - 12.	
12.00-12.20	Svitlana Tkachuk , Doctor of Veterinary Sciences, Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the <i>National University of Life and Environmental Sciences of Ukraine</i> , "Evaluation of the effect of dietary supplement on laboratory mice"
12.20-12.35	Yuliia Hryb , Candidate of Veterinary Sciences, Assistant Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the <i>National University of Life and Environmental Sciences of Ukraine</i> "Products of hunting and its importance in ensuring "One Health""
12.35-12.55	Ekaterina Rodionova, Maria Khimich Associate Professor of the Department of Veterinary Hygiene, Sanitation and Expertise, <i>Odessa State Agrarian University</i> " Identification of sausages by microstructural analysis "
12.55-13.10	Nataliia Tyshkivska , Cand. Vet. <i>Doctor of Agricultural Sciences Bila Tserkva State Agrarian University</i> Larysa Bartkiv , Deputy Director General for Research Anna Lisina , Head of the Department of Science and Technology. Tetyana Kshanovska , Head of the Testing Department of the <i>State Enterprise "Kyivoblstandartmetrologiya"</i> "Efficiency of the use of feed mixtures based on biologically active substances of humic nature for lactating cows"
13.10-13.30	Alyona Bogatko , PhD student, <i>Bila Tserkva State Agrarian University</i> "Morphological and biochemical parameters of the blood of broiler chickens fed with the probiotic "SUBTIFORM""
13.30-14.00	Coffee break
14.00-14.30	A workshop on Luminometer application for assessment of hygienic characteristics of production environments. Fedir Veselyi , Head of the Sales Department.
14.30-14.50	Tetyana Mazur , Doctor of Veterinary Medicine, Professor of the Department of Epizootology, Microbiology and Virology, <i>National University of Life and Environmental Sciences of Ukraine</i> "Monitoring and Biological Characteristics of Campylobacter Isolates in Ukraine".

14.50-15.10	Liudmyla Ishchenko , Head of the Research Department of Molecular Biological Research, PhD in Veterinary Sciences, ULQSP of the National University of Agricultural Sciences of Ukraine, Research asisstant, <i>International Institute for Animal Health/One Health, Friedrich Leffler Institute, Germany</i> "Important foodborne infections in the context of the One Health concept"
15.10-15.30	Tetyana Taran , Associate Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the <i>National University of Life and Environmental Sciences of Ukraine</i> . "Evaluation of high-oleic sunflower oil by individual quality indicators"
15.30-15.50	Maria Galaburda , Associate Professor of the Department of Veterinary Hygiene of the <i>National University of Life and Environmental Sciences of Ukraine</i> , "The role of veterinarians in meeting the needs of One Health - the acquisition of new competencies"
15.50-16.00	Discussion
16.00-16.10	Final Word Vyacheslav Solomon , Acting as Head of the Department of Veterinary Hygiene. Prof. A.K. Skorokhodko, Candidate of Veterinary Sciences, Associate Professor
October 26 Session 2. Approaches to risk assessment in the context of One Health 10.00-13.00 Moderators: Olga Yakubchak , Doctor of Veterinary Medicine, Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the <i>National University of Life and Environmental Sciences of Ukraine</i> Maria Halaburda , Associate Professor of the Department of Veterinary Hygiene of the <i>National University of Life and Environmental Sciences of Ukraine</i> , project coordinator.	
10.05-10.45	Narges Ghoreishi , Pharm.D., Master of Epidemiology, PhD Candidate, Division of Epidemiology, Statistics and Mathematical Modeling, Department of <i>Exposure, German Federal Institute for Risk Assessment (BfR), Berlin</i> "Using Systematic Review for Evidence-Based Risk Assessment"
10.45-11.05	Robert Opits , PhD, Division of Epidemiology, Statistics and Mathematical Modelling, <i>Exposure, German Federal Institute for Risk Assessment, (BfR), Berlin</i> "Shiny-Rrisk web-based tool for stochastic quantitative risk assessment and reporting"

11.05-11.40	Olena Kuryata , Veterinarian, <i>Consultant on One Health at the WHO Office in Ukraine</i> "Model of Implementation of the One Health Concept in Ukraine: From Theory to Practice"
11.40-12.30	Maryna Galat , Doctor of Veterinary Sciences, Associate Professor of the Department of Pharmacology, Parasitology and Tropical Veterinary Medicine, <i>National University of Life and Environmental Sciences of Ukraine</i> , International researcher, <i>Institute of Parasitology, University of Bern, Switzerland</i> ; Jokelainen Pikka DVM, PhD, <i>Statens Serum Institute (SSI), Denmark, One Health European Joint Programme – OHEJP</i> "Algorithm of risk-based approach in the investigation of the spread of toxoplasmosis in Ukraine"
12.30-12.50	Olga Martynenko , PhD candidate, <i>General Director of Biolights Expert Center LLC</i> Assessment of the impact of technological processes on strains of microorganisms circulating during the production of dairy products
12.50-13.05	Volodymyr Melnyk , Ph.D. in Veterinary Medicine, Associate Professor, Head of the Department of Epizootology, Microbiology and Virology, National University of Life and Environmental Sciences of Ukraine, Oleksandr Martyniuk , Ph.D. of Veterinary Sciences, Associate Professor of the Department of Epizootology, Microbiology and Virology, National University of Life and <i>Environmental Sciences of Ukraine</i> "Application of GIS technologies in solving the "One Health" issues "
13.05-14.00	Coffee break
14.00- 15.00	Maria Galaburda , Associate Professor of the Department of Veterinary Hygiene named after A.K. Skorokhodko of the National University of Life and Environmental Sciences of Ukraine, "Workshop on Developing Models for the Shiny-Rrisk Web Tool"
15.20-15.50	SWOT analysis of the challenges of One Health (Support - Maria Halaburda, Valeria Yustynyuk, Olena Kuzminska)
15.50-16.00	Summing up the results of the autumn school
